Global Schools

Global Schools :

Schools that have obtained accreditation from internationally recognized educational institutions that implement internationally recognized educational programs in the targeted educational area and follow all procedures as stipulated by the Directorate General of Private Schools , Ministry of Education , sultanate of Oman can qualify as global schools .

Conditions that must be met for the opening of a global school:

1. Evidence of the financial capacity of the applicant to finance the construction of the school (an amount of 150,000 RO is required, as a minimum requirement, provision of a bank guarantee for that same amount to be made to the Directorate General of Private Schools, Ministry of Education, Sultanate of Oman)
2. Proof of accreditation from an internationally recognized educational institution or branch of global schools that are managed by an internationally recognized educational institution.
3. Global schools premises must conform to all the conditions and specifications as stipulated by the Directorate General of Private Schools, Ministry of Education, Sultanate of Oman. In the event that no premises has been constructed at the time of

application, then the applicant must provide proof of ownership of a piece of land (that has been attested by the Ministry of Housing) that will meet all the rules and regulations governing the construction of global schools, as stipulated by the Directorate General of Private Schools, Ministry of Education, Sultanate of Oman.

4. To apply international programs and qualifications as approved by international educational institutions, after these programs have been approved by the Directorate General of Private Schools, Ministry of Education, Sultanate of Oman.

5. To follow the assessment procedures as stipulated by the international educational institution, that oversees the school.

6. The school must provide all the requirements of the implementation of international programs and qualifications, namely:

a) Diverse educational programs, including textbooks, teacher guides, and various teaching aids that support these programs.

b) School facilities to include the following: laboratories, classrooms, libraries, computer rooms, activities hall, sport halls, and others, with the latest equipment, as per international standards, required for all subjects.

c) Administrative staff (including a post for coordinator of international programs), and teachers that are well

qualified with experience in the delivery of international programs and qualifications. Specialist teachers must be employed by the school for all activities and individual skills areas.

d) A commitment to vocational development and continuing professional development for training for teachers on the latest developments in international programs and qualifications and the most up to date modern teaching methods.

e) To provide the school building with furniture, equipment, supplies, educational games and learning techniques required for the various stages to be opened in the school, according to specifications as set by the Directorate General of Private Schools, Ministry of Education, Sultanate of Oman.

7) Provide an integrated proposal for the project, to include the following:

a) School site.

b) Map of the building, constructed to conform to the conditions and specifications of the Ministry of Education, Sultanate of Oman or a piece of land that meets all the requirements as stipulated by the Ministry of Education,

Sultanate of Oman for the construction of the global school.

c) Details of school fees.

d) Provide a detailed explanation of educational programs and qualifications that will be applied in the school, in addition to the name of the institution responsible for supervising the school.

e) Having obtained approval from the Directorate General of Private Schools, Ministry of Education, Sultanate of Oman, the school should present the qualifications of candidates being considered for positions of administrative staff and faculty once all certificates have been attested.

Official forms to include applicant's data must be provided to the Directorate General of Private Schools, Ministry of Education, Sultanate of Oman, to ensure that the applicant fulfills the conditions of the post.

8) The license is personal to the named institute and may not be waived either explicitly or implicitly, unless having first received, in writing, the consent of the Directorate General of Private Schools, Ministry of Education, Sultanate of Oman. The ministry has right to revoke the license without any obligation to compensate that may result from the license having been withdrawn / cancelled. The school will be closed with immediate effect if the waiver was given without the consent of

the Directorate General of Private Schools, Ministry of Education, Sultanate of Oman.

Conditions must be met by a private school which requests transformation to a global school:
